Market comparison

Search filters: 2024 Synthetic Sedan SEL. Ranked by year, trim, mileage, distance; price was not a selection criterion.
Historical search: 100 miles around ZIP 63026. Current-market search: 250 miles around ZIP 63026. Selected: 5 vehicles (distinct VINs); observed mileages: 50,000-52,000 miles. Loss-date evidence: May 19, 2026. Source: Fictional historical market records.

Reason for review

The 5 listings for 2024 Synthetic Sedan SEL vehicles have asking prices above the insurer's \$20,000.00 valuation. Their mileages are 50,000-52,000 versus 50,000 for the reviewed vehicle; no mileage dollar adjustments were made.

Insurer values and adjustments appear below; the records do not fully explain the difference between the two sets.

Please reconsider the vehicle valuation in light of the documented comparable listings. If a different valuation is maintained, please explain the material differences or adjustments supporting it.

Customer-reported context (not independently inspected): Condition: Good pre-loss condition; Equipment: Synthetic Safety Package.
